RE: Probe Mine  
ACT/015/011  
Emery County, Utah

Dear Mr. Broschat:

Thank you for your submission of material on August 13, 1982. I've enclosed copies of the letters you have requested and hope this brings both our files up to date. As far as I can tell, we are still awaiting Atlas' response to information requests on the Dunn, Locust Spider, and Louise Mines, as well as a letter giving notice of work completion regarding suspension of the Standard II Mine, and a final decision regarding Atlas' revegetation proposal. When these items have been completed, full contract negotiations should be near completion.

Please let me know if I may be of assistance in anyway.

Sincerely,

  
THOMAS N. TETTING  
ENGINEERING GEOLOGIST
